

Please Note:

Because of changes in production and marketing throughout the nursery industry and to help our customers gauge true value for money, we have included some equivalent volume sizes to most of the common PB bags that are used. This should save the confusion that exists and point out the advantages and disadvantages when comparing grades and prices.

RT Cell 60 Cell 64	15cm Pb3 1.8L	PB 18 = 10 L
D8 cell 28 5cm	PB 5 or 17cm = 2.8 L	PB 28 = 17 L
10cm ½L PB3/4	PB 8 = 4.5 L	PB 40 = 25 L
13cm 1L PB1½	PB 10 = 6L (tall slim Bag)	PB 60 = 35 L
14cm PB2 1.2L	PB 12 = 8 L	PB 95 = 45 L

Pot - Bag Size comparisons

Bulk planting How to calculate tree numbers required to plant your area. 1st work out the sq meters		
at ½m spacing multiply the sq m by 4	at 1½m spacing	divide the sq m by 2.25
at 1m spacing divide the sq m by 1	at 2m spacing	divide the sq m by 4

Timber & Firewood

Description	Price 1-9	each 10-99	Per 100+	Per 1000+
Acacia dealbata & melanoxylon RT Hillson	2.00	1.85	165	
Acacia melanoxylon 1m PB 3/4	2.25	2.00	175	
Cryptomeria japonica PB 3	4.00	3.75	350
